

Verano Resident's Council Meeting 6/1/09

- Present: Carrie Carmody, Anna Guercio, Ling Lin, and Tia Peterson.

- Update from Meeting with Housing:
 - The barbeque grill at the Commons replacement will cost approximately \$1400 as we need to pay for the grill, installation, and tax.
 - The current Verano Resident's Council budget is \$1970 including several outstanding balances.
 - The Verano Community Garden has made a request for a bulletin board and logistics were discussed with Housing.
 - A possibility that the upright dolly at the Cyber Café might also need replacing if the issue with its wheels cannot be resolved.

- Budget update:
 - Remaining monies to be spent on the barbeque grill, advertising funds to the garden community's new composting plan, and either a movie night or more support for the Cyber Café to enable them to expand their DVD collection.
