Verano Gardens

Possibility of breaking up the plots to allow more residents to have a space.

Raphaelle will get more information regarding this issue.

Creek

Ashlie would like to know if the creek by the 6000 building along California can be filled in or fenced so no children can get into it.

Sprinklers

Verano has no control. The central campus controls how much water is used in the sprinkler systems.

Muddy Path

Some members of VRC brought up the issue of the path between Verano and Palo Verde gets very muddy. We would like to ask if the sprinklers along that dirt path can be shut off.

Block Parties

We would like to start block parties in the Spring. It will be a fun way for neighbors to get to get to know each other. Raphaelle and Ashlie thought this would be a good time since we just had Welcome Day and the busy holiday season is approaching.
