

Verano Resident's Council

November 12, 2009

Members Present: Carrie, Andrew Tia, Raphaelle, Ashlie

- Tia explained the topics from the ACG Meeting.
- VRC thought of having a pizza night to get Verano Residents to come to the meetings.
- Raphaelle volunteered to meet with Gail to discuss the sub 3 expenses. Andrew said he would fill in for her if she had scheduling problems.
- Roommate Matching issues. Many residents have complained about their roommate. VRC is trying to think of a way to deal with this issue. Possibility of lengthening the questionnaire.
- Several of outside lights are not working or have fallen over. We can't get new ones because they need to match the rest of the school. Carrie suggested we take this issue to the Sustainability Committee.
- Raphaelle is still concerned with the sprinkler system. She found out that they are using white water instead of reclaimed water. She wants to meet with the person in charge of the sprinkler system. She is ready to start a petition if needed.
- A member of the VRC needs to e-mail Gail to get a description of the vacancies.
