

# VRC NEWS

A Monthly Publication by YOUR Residents' Council

**April 2010**

## Pub Night Event:

Come Enjoy the Verano Pub Night event on Friday, April 16<sup>th</sup> @ 5 pm at the Anteater Pub. \$5 dollars in tickets will be provided to the first 100 residents that attend. Please bring proof of residency consisting of a drivers license or piece of mail containing your name and address. You will need I.D. to purchase alcoholic beverages.

## Pet Policy Update:

A new campus wide pet policy decision has been issued stating that a two year moratorium will take effect this year preventing any new pets from entering the housing communities. The VRC is strongly opposed to this action and is actively lobbying against it via letters of discontent to campus administrative personnel and graduate division advisors to stop or alter this decision.

## Having Issues with your Internet?

Resnet recently brought a new server online in an effort to correct internet connectivity issues and bandwidth of the Verano and Palo Verde communities. They will be monitoring further usage and internet connectivity issues to further isolate and correct the problem. If you are having issues with your internet connectivity, please email Resnet informing them of the nature and hours of interruption. The more feedback we can provide the faster and more reliable the services will become.
